

## **NCAA MEDICAL CREDENTIALS**

Athletic trainers or team physicians traveling with their student-athletes should contact Berry Lippman, Coastal Carolina University, Director of Athletic Training (see contact information below) to secure a team medical credential. **This request must be made no later than 5 p.m. Eastern, Tuesday, May 21** to Barry Lippman [blippman@coastal.edu](mailto:blippman@coastal.edu) Upon arrival, the AT or MD must present a photo ID at packet pickup to receive their credential. Per NCAA regulations, this credential will allow access to any of our athletic training facilities and into the competition area only under the following conditions:

1. Your credential is visible.
2. Your student-athlete is injured.

If your team is traveling without an athletic trainer or physician, please provide the necessary supplies and documentation. A letter from an AT or MD detailing treatment parameters will be needed for any modalities other than ice-related treatments. Each team is expected to bring a fully stocked medical kit with emergency contact and insurance information. Additionally, if your student-athlete requires specific treatment before practice or competition or post-competition, please contact the host medical staff well in advance of the championships so they can try and accommodate your needs.
